

# Hexnbit - Skilling Passionately

Redefining Learning with Industry led Programs

(N)EVER (S)TOP  
LEARNING

Powered by Innovation  
Driven By Excellence

# About HexnBit

Hexnbit is India's first Ed-tech company founded in year 2020 which provides one-stop solutions for the students & working professionals in Industry-connect Skill development courses. The platform not only provides subject expertise to the candidates but also, give them industry exposure to apply their learnings analytically in a practical real-world.

## HexnBit's Mission

In order to remove the pain points in the industry, the company's mission is to groom the candidate for the job, provide proper guidance, to connect them with the best-fit companies and help students at every level to ensure a smooth journey.

## HexnBit's USP

One of HexnBit's biggest strengths is strong R&D and the process which guide students in firming up their plans. Each student/professional can interact with other peers, seniors/mentors and even universities/companies in order to make the best decision for their career.

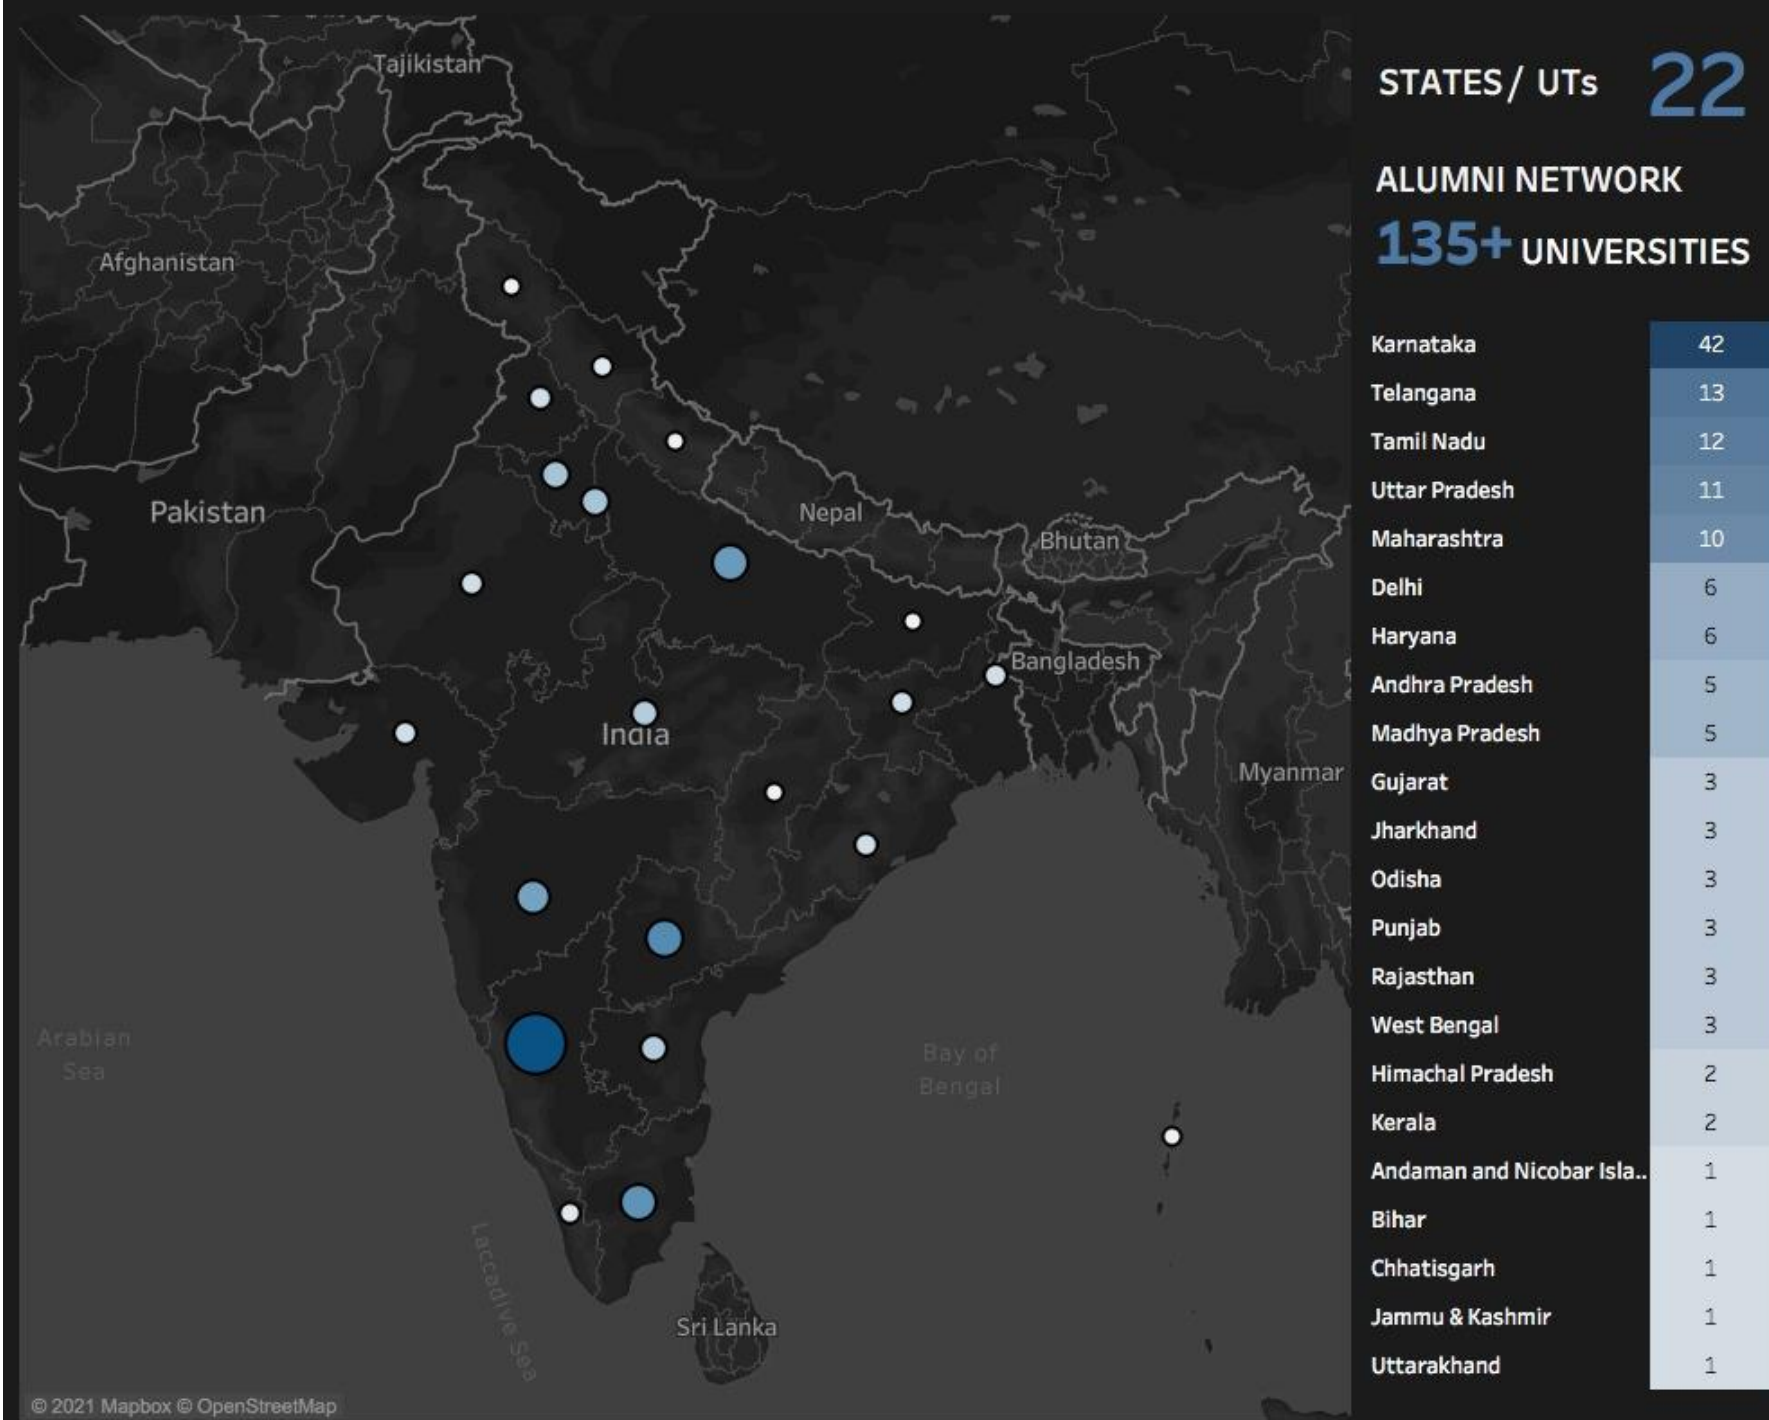

## Company's Vision

HexnBit's vision is to educate the world by connecting the citizens of the world with the best learning opportunity.

# Our Presence

- 60000+ Subscribers (Free+ Paid)
- 135+ Universities
- 10+ Industry Connect
- 22+ States/UTs
- Operation started in Sri Lanka

# Service Offered

**University Link Plan**

**COE LAB**

Formation of Centre of Excellence Lab in Universities/Colleges in order to provide Industry connect program with industry leader.

**Internship Plan**

**Industrial Internship**

Getting connected with Industry / Companies in order to provide internship with real time project to aspirants for their skill development & career growth

**Foundation courses**

**Foundation Courses**

Low cost bridge courses having basic & informative module in order to clear foundation concepts in various field

**Professional Courses**

**Certification**

Premium program for working professional to scale up their skill in competitive ecosystem around them. This will help them to stay connected with new age technologies & adding key skill on their port folio

**Degree Diploma**

**Distance Learning**

Getting connected with Universities in order to provide E-learning facilities inside their premises for distance learning

## Problem Statement

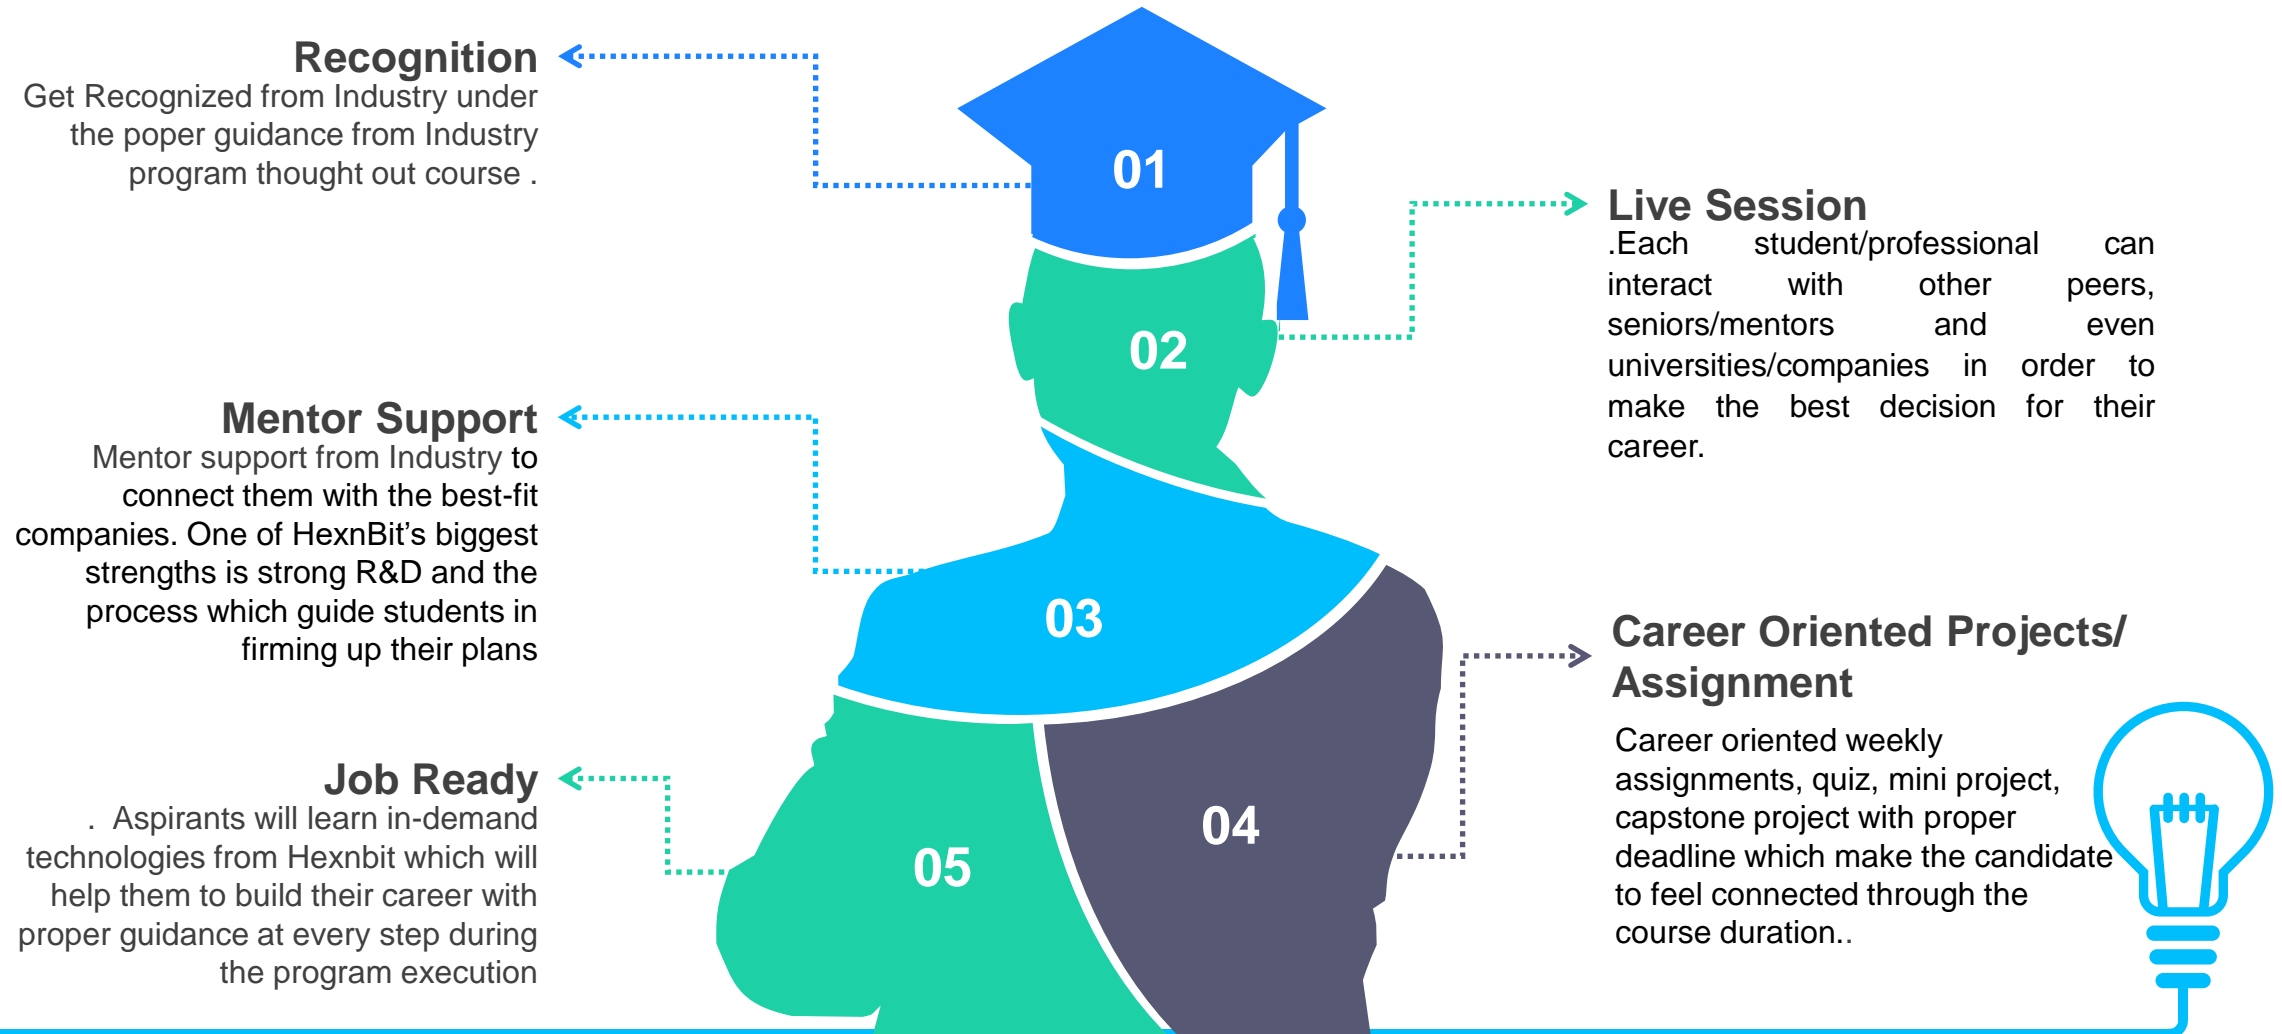

Internet hold the world's biggest content collection

**01** Lesser result in pre-recorded online courses as candidate drops the courses in mid way

**02** No Industry led mentorship support is available to candidates for career growth & transforming the ecosystem

**03** Unable to crack interviews due to the gap between industry & academics

# Hexnbit One Stop Solution

Founder & CEO

# Recent Achievement

“Young Achievers Awardee” by Indian Achievers Forum & CSR Times – “In Recognition of Outstanding Professional Achievement & Contribution in Nation Building”.

## Idea behind the Hex N Bit :

In recruitment process any interviewer make considerable effort in terms of time & money to hire the interviewee and majority of the CVs have to turn down due to lack of skill set required from the industry. In many cases candidate have the skill set but that's not relevant to the industry so here comes the role of Hex N Bit. We provide & run industry connect skill development program which not only make them skilled but highlight their Multi-Tasking skill as well as improvise their soft skill so that each candidate can be Industry-ready.
